Professional Summary

A highly motivated Master of Computer Applications (MCA) graduate with a strong academic foundation and hands-on experience in frontend development. Proficient in Angular, React, JavaScript, Java, Python, SQL, HTML, and CSS, with a proven ability to deliver scalable and user-friendly web applications. Demonstrated expertise in developing dynamic projects, optimizing user experiences, and collaborating in fast-paced environments. Passionate about leveraging technology to solve real-world problems and committed to continuous learning and innovation.

Education

CMR College, Bangalore , Master of Computer Applications (MCA)	Dec 2022 – Dec 2024
• CGPA: 7.31	
New Horizon College, Bangalore , Bachelor of Computer Applications (BCA)	June 2018 – Sept 2022
• CGPA: 6.62	
New Horizon College, Bangalore , Pre-University Education (PCMC)	Mar 2016 – May 2018
• Percentage: 58.16	
Swami Vivekananda High School, Bangalore , Secondary School Leaving Certificate (SSLC)	May 2016
• Percentage: 69.92	

Technical Skills

- Frontend Development: Angular, React, HTML, CSS, JavaScript, Bootstrap, Express.js, Next.js
- Programming Languages: Java, Python, C Sharp
- Database Management: MongoDB
- Tools and Frameworks: Node.js

Certifications

- Cisco Certified Network Associate (CCNA)
- Learn to Program with C Sharp from Scratch | C Sharp Immersive
- The SQL Programming Essentials Immersive Training

Professional Experience

Frontend Development Intern , Maiora IT Solutions	Dec 2023 – Feb 2024
<ul style="list-style-type: none">• Collaborated on the development of a dynamic Angular-based project, creating responsive and user-friendly web interfaces.• Implemented Angular components, services, and modules to deliver scalable and efficient applications.• Demonstrated the ability to meet deadlines in a fast-paced environment while maintaining high coding standards.	
Full-Stack Developer , RC TECHBOX IT Solutions	Feb 2025 – Present
<ul style="list-style-type: none">• Developing and maintaining web applications using the MERN stack (MongoDB, Express.js, React, Node.js).• Collaborating with cross-functional teams to deliver robust and scalable full-stack solutions.• Implementing responsive UI components using React and managing backend APIs with Node.js and Express.• Working with MongoDB for database design, CRUD operations, and performance optimization.• Ensuring application performance, scalability, and security best practices.	

Achievements

- Successfully delivered a scalable Angular-based project during the internship at Maiora IT Solutions.
- Developed and deployed a fully functional virtual classroom system, enhancing remote learning experiences.
- Designed a responsive college website, improving communication and accessibility for students and faculty.

Projects

CMR Virtual Classroom System

[github.com/ CRM System](https://github.com/CRM-System)

Technologies Used: HTML, CSS, JavaScript, React, Node.js

- Developed collaborative learning features, including live audio/video conferencing, online whiteboards, and chat messaging, to enhance real-time interaction.
- Ensured cross-platform compatibility, enabling seamless access across devices and operating systems.
- Optimized user experience with an intuitive interface, facilitating smooth navigation and usability.
- Integrated multimedia sharing and session recording features to support asynchronous learning.

Shetty College Website, Technologies Used: HTML5, CSS3, JavaScript

- Designed and developed a comprehensive, user-friendly platform for SHETTY COLLEGE to facilitate communication between administration, faculty, and students.
- Implemented essential functionalities, including an interactive academic calendar, online course registration, news updates, and secure login portals.
- Ensured responsive design for accessibility across various devices and screen sizes.
- Focused on creating a dynamic digital presence with high performance, security, and scalability.

Additional Information

- Languages: English, Kannada, Hindi

Interests

- Exploring new technologies, contributing to open-source projects, and participating in coding challenges.
